Petition to Elk Grove City Council for a cell phone right to know ordinance - Elk Grove Residents Only

To the Elk Grove City Council,

Please adopt a cell phone right to know ordinance similar to the City of Berkeley's. Most Elk Grove residents are not aware of the health and safety warnings in their cell phone owner's manual about radio frequency (RF) electromagnetic fields (EMF) and they use their phones in potentially harmful ways.

The ordinance should say:

A Cell phone retailer shall provide to each customer who buys or leases a Cell phone a notice containing the following:

The City of Elk Grove requires that you be provided the following notice:

To assure safety, the Federal Government requires that cell phones meet radio frequency (RF) exposure guidelines. If you carry or use your phone in a pants or shirt pocket or tucked into a bra when the phone is ON and connected to a wireless network, you may exceed the federal guidelines for exposure to RF radiation. Refer to the instructions in your phone or user manual for information about how to use your phone safely.

We, the undersigned, want the Council to put this ordinance on the agenda and vote to pass it. Thank you in advance.
